

BIG NAVAL POLICE NECESSARY AFTER WAR, SAYS DANIELS

Secretary of Navy in Europe to Discuss Plans With the Allies.

JAPAN WILL STAND FIRM

Diplomatic Council Votes to Adhere to Attitude Relative to the Shantung Peninsula and to Make No Concessions at the Peace Conference.

LONDON, May 1.—A large naval international police force will be organized under the League of Nations plan immediately after peace is declared, in the opinion of Joseph Daniels, American secretary of the navy, and one of the objects of his trip abroad is to discuss with the admirals of Italy, France and England some details as to this force, particularly the type of vessels desirable.

"The desire of conquest may still linger in the hearts of some nations after peace," said Secretary Daniels, "and such nations must be shown that it would be unprofitable to attempt to accomplish those desires."

TOKIO, May 1.—The diplomatic advisory council voted today to adhere to Japan's attitude relative to the Shantung peninsula and to make no concessions or compromises at Paris, according to newspapers here.

PARIS, May 1.—Various lesser details of the peace treaty were taken up today by the council of three, among them the question of the captured German cables. With the Kiao Chau problem disposed of the Adriatic question is the only highly important matter remaining unsettled.

COPENHAGEN, May 1.—The ring of government troops is closing around Munich, according to Berlin dispatches. The villages of Schongau and Uffing have been captured from the soviet forces without loss. They are about 40 miles northwest of the city.

WANTS TO BE HERE FOR CELEBRATION. Writing to A. C. Herbert, Private J. J. McPartland, who is with the American Expeditionary Forces in France, says he hopes to be home for the big celebration. Private McPartland is a member of Company C, 331st Infantry.

GIBSON COMMENCEMENT

Annual Exercises Begin at South Connellsville Sunday Night.

Plans have been completed for the annual commencement exercises of the Gibson high school to be held in the South Connellsville Evangelical church, beginning Sunday evening at 8 o'clock with the baccalaureate service to be delivered by Rev. M. B. McLaughlin. An attractive musical program will also be rendered. On Friday evening, May 3, at 8 o'clock the graduates will present a special program. The exercises are free to the public.

The class is composed of seven members, six young women and one young man. Miss M. B. McLaughlin, who is also home for the big celebration, will be the valedictorian. The other members of the class are Miss Frances Chorpennig, Miss Gertrude Miller, Miss Kathryn Gallentine, Miss Esther Tannehill and Thomas Lincoln.

TWO THEFTS REPORTED

Coal Company and Planning Mill Offices Broken Into.

A robber entering the office of the Young Coal company in South Arch street last night by breaking a rear window secured a \$25 steel bond but nothing else of value. Tracks of the thief led toward the Baltimore & Ohio yards, indicating he probably boarded a train.

The Connellsville Planning mill was also broken into, but nothing of any value was secured. Both robberies were reported to the police.

Judge Harrison Coming.

Rev. A. J. Payne, of the Union Baptist church, announced this morning that he had secured Judge W. H. Harrison of Chicago to speak in the church on West Crawford avenue on Thursday evening, May 8. Judge Harrison will speak in the interest of the centenary movement that the church has taken up. Everyone is invited to hear Judge Harrison, who is one of the best orators of this time.

MANY HOTELS IN WESTMORELAND TO CEASE BUSINESS

Others Will Close Diningrooms and Cater to Roomers Only.

SCOTSDALE IS AFFECTED

End of Legalized Liquor Business in County Prompts Proprietors to Adopt Retrenchment Policy; Mount Pleasant Owners Doing the Same.

John Barleycorn passed away in Westmoreland county last night when the bars of the hotels closed at 9:30 o'clock. The county went dry as a result of the refusal of the court to renew liquor licenses.

In Scottdale the drys celebrated by blowing whistles and ringing bells as the bars of the hotels closed at 9:30 o'clock. The county went dry as a result of the refusal of the court to renew liquor licenses.

At Mount Pleasant a band concert was held at the Ruder Inn by the proprietor and drinks were sold until the last minute. A drinking room had been constructed in the rear where the concert was given.

As a result of the closing of the saloons several hotels in the Mill Town are now for sale and others in the county have closed their dining rooms. Some hostilities will run rooming houses for a time as an experiment.

In Scottdale the Central hotel will be open to roomers and the dining room, which has been closed during the war may be reopened. The hotel sold out its entire stock of liquor yesterday. A jitney was run yesterday from the West Overton distillery to the hotel carrying a few cases of whiskey at a time which supplied the demand and did not leave any on the hands of M. J. Kelly, the proprietor.

The Scottdale house will not continue in business, and the other two hostilities of the town, the Hill house and the Kromer hotel are for sale.

In Mount Pleasant the dining room of Ruder's Inn closed this morning. The East End hotel, managed by T. Donnelly will also close its dining room. John Snyder, proprietor of the Mount Pleasant house, has been renting suites of rooms for light house keeping for some time. He will continue in this business.

It is also expected, Connellsville hotel keepers will get a share of the Westmoreland county business, it being only a half hour's ride on the street car from Scottdale to this place.

ALLIED AND HUN DELEGATES MEET THIS AFTERNOON

Presentation of Credentials Scheduled for 2 O'clock (See Treaty Terms Monday).

VERSAILLES, May 1.—A first official meeting between Allied representatives and the German peace delegates will take place at 2 o'clock this afternoon. A committee from the Allies and the United States will receive the German credentials at that time.

PARIS, May 1.—(Havas)—The opinion prevails in peace conference circles that the peace preliminaries will be communicated to the Germans Monday afternoon.

WILSON'S RETURN ADVOCATED BY U. S. COMMERCE CHAMBER

By Associated Press.

ST. LOUIS, May 1.—After adopting a resolution urging President Wilson to hasten back to America and call an extra session of Congress, the United States Chamber of Commerce reconsidered its action today and eliminated reference to the President's return.

The amended resolution said it was hoped "that the President immediately upon his return would assemble Congress in extraordinary session to enact legislation necessary to safeguard our social and business structure."

POLICE CHARGE REDS

Socialist Demonstrations Break Out at Indiana, Pa., and Cleveland, O.

INDIANA, Pa., May 1.—An attempt by members of the International Socialist association to hold a "red flag" demonstration here was frustrated this morning when a troop of state police charged a crowd assembling for a parade.

CLEVELAND, O., May 1.—More than two score persons, many of them women, were injured in a series of riots that began with the entrance into the downtown section of the various units of the Socialist May Day parade here this afternoon.

BUILDERS ORGANIZE

Body Formed Here Similar to Those in This and Other Counties.

A meeting was held Tuesday night in Connellsville, similar to other meetings that have been held in Uniontown, Brownsville and Greensburg lately, of building contractors and an organization formed.

This organization is a new one and is composed of all contractors who have anything to do with erecting a building. In it are those employing carpenters, bricklayers, plasterers, painters, plumbers, masons and electricians.

SERVICE MEN TO ORGANIZE

All Invited to Meeting in Red Cross Rest Room Friday Evening.

All returned soldiers are asked to meet in the Red Cross rest room in the basement of the Second National bank building at 8 o'clock Friday evening at which time it is intended to form a service men's organization. Lieutenant John L. Robinson of Uniontown will be present.

Costs Divided.

Mike Byrnie, arrested on a charge of assault and battery yesterday, was given a hearing last night before Alderman S. H. Howard on information made by Joe Waloszy, who claimed that Byrnie struck him. The case was dismissed and the costs were divided.

Ticket Returns Asked.

Mrs. H. Claude Hays asks that all persons selling tickets for the "Winter Garden Frolic" make returns to her as soon as possible. The Boy Scout uniform cannot be awarded until all returns are received.

General Worth Invests \$12,000.

General Worth Lodge, Independent Order of Odd Fellows, has purchased Liberty Bonds amounting to \$12,000, instead of \$10,000 as reported yesterday.

Why You Should Buy Victory Loan Bonds.

By HOWARD REPPERT. Late Co. M, 112th Infantry, U. S. A.

You should buy a bond because until you do you have not done your best. In answer you will probably give either any or all of the following excuses:

"I am out of work." "I took all the others." "The war is over." "Let the moneyed men take them." Is that fair to yourself? After all, the main thing isn't the money but the principle back of giving it. You are patriotic, you say, but your family and good times come first. You think you have made sacrifices by investing in the other loans, but honestly you get more out of them than you put in. Even in the last loan you are not asked to sacrifice, merely invest. But if you invest just a little more than you really think you can afford, then it will be a sacrifice you can be proud of. The eyes of all the world are upon you during this crisis. If you come across and go over the top as gallantly as the boys did who are daily returning to our shores, then the world will know us for our true worth. If our country fails (and you individually make up our country) then the world will be convinced that we put money above principle. We cannot afford to stop until we have done our best, and what a satisfaction and easing of conscience it is to do our best.

As the only soldier from Connellsville to lose a limb I have been in a position held by few others to see just to what extent men may sacrifice and with what cheerfulness they do it in defense of a cause which they knew was right. They gave love, family, position and opportunity in order to offer their lives for freedom's sake and expecting nothing in return. You invest in bonds and expect interest. They entrusted their lives and expected nothing.

During my eight months in hospitals in France and in the United States I came into personal contact with thousands of men who had lost arms, legs, eyesight and even reason in the terrific conflict on the other side. I might say here that never have I seen a more cheerful or optimistic bunch of real men. Adversity seemed to encourage rather than discourage.

One day while lying in a bed in a Paris hospital a fellow still under the effects of ether was placed in the bed beside me. About half an hour later he gently awoke. Looking down at his feet he saw for the first time that his right leg was missing. What would you have done—you Mr. Ordinary Business Man who had not been baptized in the hell fire of a front line trench? You probably know better than I could tell here, but my story is of this boy. After a moment's reflection he looked over to me and said: "Gee, that's going to be pretty hard on me. I used to climb telegraph poles for a living."

Then he showed me the picture of his sweetheart. They

CHAUTAUQUA FOR 1919 TO BE HELD WEEK OF JULY 7

Notable Array of Talent Included in Preliminary Announcement of the Program.

The Chautauqua Chautauqua will be held July 7 to 13 this year with a program which carries a whole week of headlines. Among the numbers will be "The Melting Pot," Kyril's Sextet, Lou J. Beauchamp, the Weber Male Quartet, Katherine Ridgeway, Frank L. Millholland, the Althea Violin Chorus and other star attractions. Captain Paul Bowers, English air poet and night hooter; Shyl Sammie-MacDermid, dramatic soprano, and Elizabeth M. Walsh, overseas Red Cross heroine, are included in the 1919 program.

One of the features of Captain Bowers' talk is a graphic picture of a night air raid, beyond the German lines. He carries his audience with him through a maze of fire and flame as he describes the horrors of dropping a series of powerful and Hun bombs. Captain Bowers has been awarded the Distinguished Service Cross. His career as a combatant aviator ended in an accident nine miles out at sea. His pilot was drowned but Bowers experienced a miraculous escape.

Shyl Sammie-MacDermid is an American singer whose popularity is not confined to her native land. Miss Walsh, the Red Cross heroine, went overseas with a Harvard unit in May, 1917. She was assigned to the British government and as a nurse received wounded soldiers from the western front. For six months she was on duty with Mobile Hospital No. 8 on the American front, following the advancing troops as near as five miles behind the fighting lines. This complete program for the season will be announced in detail later.

Will Watch Brewers. WASHINGTON, May 1.—Agents of the Department of Justice have been instructed to obtain evidence showing what brewers continue to manufacture beer after midnight tonight when prohibition of the use of food in manufacture of beer, wine or other intoxicating liquors becomes effective.

Miss Hanley Held. Miss Nellie W. Danley of Pittsburgh, formerly of Vanderbilt, waived a hearing and was held for court on a charge of getting credit at Pittsburgh department stores under false pretense.

SEVEN YOUNG MEN PASS TESTS GIVEN FOR MINE FOREMEN

Results of Examinations in Ninth District Announced By Inspector Walsh.

TEN MAKE A LESSER GRADE

Of Class of 34 Examined for Certificates as Fire Hoses 15 Make the Required Grade; Oral Examination Will Be Given Saturday, May 10.

Seven young men of the Connellsville region examined here early in April for the purpose of ascertaining their qualifications for the position of mine foreman passed the examination for first grade certificates while 10 were successful in making the grade required for assistant mine foremen, according to announcement today by Mine Inspector F. J. Walsh of the Ninth Bituminous district, chairman of the examining board. Thirteen passed the tests for fire hoses. There were 29 in the class for mine foremen and assistants and 24 in the class for fire hoses.

Carl F. Keck of Scottdale took first honors in the tests for mine foremen, his average for the first two days being 91 per cent and the third day 86 1/2, or an average of 88 1/2 per cent for the entire examination. John H. Williams of Wyoona was second with a general average of 86. In the fire hose examination Victor E. Mazzocco of Star Junction was first with an average of 79 and Edward Bailey, Jr., of Connellsville, second with 78.

The successful candidates were: Mine foremen—William E. Baldwin, Connellsville; John O. Miller, Yukon; Harry E. Bricker, Connellsville; Carl F. Keck, Scottdale; Anthony Gilmore, Dunbar; Frank Shady, Elm Grove, and John H. Williams, Wyoona.

Assistants—John W. Gorman, Indian Head; Samuel E. Dunn, Tarr; Amos H. Errett, Yukon; Edward Bailey, Jr., Connellsville; Edwin Gough, Juniata; Joseph Lamas, Dunbar; Francis J. McNamee, Yukon; James V. Caffery, Connellsville; George Jones, Mount Pleasant; and Charles E. Burkey, Trotter.

Fire hoses—Edward Bailey, Jr., Connellsville; George Bibby, Yukon; Thomas A. Linsay, Leisenring; John H. Bird, Madison; Charles E. Coli, Adelaide; Timothy J. Donohoe, Connellsville; Anthony J. Sikora, Connellsville; Nicholas Pallow, Adelaide; Albert H. Brick, Wyoona; James P. Fornwalt, Leisenring; David Hutcheson, Vanderbilt; John W. Swope, Connellsville; Joseph Wise, Dunbar; Victor E. Mazzocco, Star Junction.

The oral tests for the successful candidates at the written examination will be held Saturday, May 10, beginning at 9 o'clock, at the parochial hall.

MILLION DOLLAR FIRE IN PENNSY RAILROAD TUNNEL

Four Fell for Another Tube Near Du Bois in Week Explored.

DU BOIS, Pa., May 1.—Damage estimated at \$1,000,000 was caused today by a fire which has been raging in the Sabula tunnel of the Pennsylvania railroad since yesterday. The blaze was caused by a freight wreck which caught fire. Up to 10 o'clock this morning 18 cars had been burned.

Two tank cars of a train of 20 cars which was wrecked in the tunnel were said today to contain gasoline. It was not known this morning whether the flames had reached these or not, but it was feared if they explode the tunnel would be wrecked.

The fire started when the eighth car of a double-header freight train was derailed in the tunnel. Thirty-seven more cars were piled up and another train crashed into this wreckage.

Fears were expressed this morning for the safety of the Buffalo & Susquehanna railroad tunnel, which penetrates the mountains 30 feet above the Pennsylvania tunnel if the gasoline cars should explode.

CHILDREN DROWN

One Loses Life in Attempting to Save Friend.

John Steiner, five years old, and another youth drowned yesterday afternoon in the Labellie reservoir. The two boys, along with two other youths were throwing sticks into the reservoir and reaching out into the water for them one of the boys lost his balance and fell into the water.

The other boy in attempting to save him was also drowned. Both bodies were recovered.

Mrs. Beatty Hostess.

The Ladies' Aid Society of the Cochran Memorial church, Dawson, will meet at the home of Mrs. E. Beatty, Dunbar, Friday, May 2, P. M.

One Prisoner Discharged.

Only one prisoner was given a hearing in police court this morning, he being discharged.

COUNTY PASSES TWO MILLIONS IN VICTORY DRIVE

Not Yet Out of Woods as Figure is Considerably Below Schedule.

CONNELLVILLE A BOOSTER

Dunbar, Vanderbilt and Dawson Contribute Toward the Total Reported to County Headquarters; Belle Vernon Glass Workers With a Helmet.

Although there is a decided improvement in the loan situation both as regards the spirit of the workers and the size of the totals, the Victory-Liberty campaign is by no means "out of the woods." Wednesday's reports to headquarters aggregating \$392,150 brought the county total to \$2,527,650. That figure is still below the campaign schedule and means that work must be further speeded up to attain the county quota of \$6,449,550 by Saturday night. There must be subscribed each day during the remaining nine days the sum of \$422,000 to make up for the disheartening mid-campaign slump.

Loan reports reflect the fact that all district organizations with but few exceptions are now down to "hard tacks" and consistent efforts on the part of those district workers which got a slow start in the campaign will do much in making up the time lost in perfecting soliciting organizations. Reports of substantial subscriptions were received Wednesday from Dunbar, Georges township, Lower Tyrone township, Springdale township and South Union township leaving in the unreported class only Fayette City, Bullskin township, Jefferson township, Sallick township, Stewart township, Washington township and Wharton township No. 2. Measures are now being taken to ascertain the progress of the drive in those districts and reports are expected to be in from several this evening.

Connellsville contributed substantially to the \$400,000 placed in Wednesday's official report. North Morris placing an additional \$128,950 to the last previous figure of \$510,250, bringing the Yough City to \$538,200. The Uniontown campaign has taken on a new aspect, the illusion that several large subscriptions were going to take the county seat over having been entirely dispelled. City Chairman Harry Whyte's organization is now out after subscribers and any nomination, big and little. The aim of the Uniontown organization is solely to increase the number of subscribers without reference to the loan total which will automatically grow larger as the number of subscribers increases.

At county headquarters there is already wrapped a German helmet addressed to T. C. McKinley, chairman of Belle Vernon, to be delivered when six more employees of the American Window Glass company enroll as Victory Loan subscribers. Of a total of 323 employees, 317 have subscribed to the Victory Loan to the extent of \$52,000, 35 men investing \$1,000 each. The men of that factory in the Fourth campaign subscribed \$17,000. When the six remaining men make subscriptions the helmet will be given under the award of a helmet for every plant with more than 200 employees attaining a 100 per cent record.

Brownsville is stepping right along each day with new totals, the mark now being \$244,850, almost half of the River Town's quota of \$569,350. Point Marion continues to pile up subscriptions on top of its over the top record, the total there being placed at \$71,350 against a quota of \$59,300, Vanderbilt and Dawson are both conducting steady campaigns with consistent results. Vanderbilt showing \$18,150 against a quota of \$35,500, while Dawson has \$17,550 with a quota of \$85,700. An appeal has been sent to the Dawson organization to speed up its campaign to some extent but no fears are entertained of Dawson entering the doubtful class.

Chairman R. J. McGee of Dunbar, has a credit of \$2,550 against the quota of \$37,350 which places Dunbar squarely up against the task of conquering an intensive campaign during the nine remaining days.

NOT SINGLE ACCIDENT

Week's Observance at Dickerson Run Passes Off Auspiciously.

No Accident Week observed under the auspices of the Dickerson Run Terminal Safety committee of the Pittsburgh & Lake Erie railroad, closed yesterday with a 100 per cent record, no accidents having occurred at any of the works included in the terminal during the week.

The committee greatly appreciates the cooperation of the employees in making the No Accident Week the grand success that it was. Every employee put forth their utmost efforts towards the prevention of accidents during the week.

THE E. DUNN STORE CONNELLVILLE, PENNA.

Smithfield.

SMITHFIELD, April 30.—Joseph Moon visited his wife at the Mercy hospital, Pittsburgh, over Sunday. Mrs. Moon will be operated on some time during this week.

Dr. J. E. Howard and wife left for Washington, Pa., Tuesday where they will call on relatives.

Reagan & Lynch have broken ground on their road contract, commencing at Samuel Moore's, where the Fairbance road intersects the state highway.

Rev. W. M. Bracken of Youngwood has accepted an invitation of the G. A. R. Post to make an address here on Memorial Day. Some one who served overseas will be procured to make an address on that occasion. An invitation is extended to who served in the last war to come in full uniform and take part in the exercises.

Mr. and Mrs. John Howard of Uniontown visited their parents here on Sunday.

Miss Adeline Frankenberg of Uniontown is the guest of relatives in the hospital.

SMITHFIELD, May 1.—Francis, the little daughter of Mr. and Mrs. Charles Moody, was painfully burned at her home here Tuesday evening by her clothes igniting from an open grate. Her parents were both severely burned in rescuing her.

Dr. H. B. Guther, recently discharged from Camp Dix, returned to the camp Monday to bring back his family, who located there during part of

the time the doctor served in the camp.

Mr. and Mrs. James Sisley of Point Marion buried a child in the Baptist cemetery here Tuesday. Mrs. Sisley is a daughter of Mr. and Mrs. Frank Morgan of Outcrop.

The Star Gas company of Point Marion has notified here to the effect that a complete schedule of the company's tariffs is on file in the office at Point Marion and are open to inspection by anyone without giving a reason why. Their patrons are cordially invited to drop in and look them over. An official of the company will be present to assist them to do so.

WAR-TIME INVENTION

MAY BE USED TO LOCATE

ENTOMBED COAL MINERS

The geophone, a listening instrument, was developed by the United States engineers during the war and is now used by the bureau according to plans drawn by these engineers.

The instrument, though small, is essentially a seismograph, since it works on the same principle as the ponderous apparatus with which earthquake tremors are recorded.

In metal mines expensive surveys have sometimes to be made in order that approaching tunnel headings may be brought accurately together. Since direction can be so well determined with the geophones, it is thought that they can be used to guide such work.

It is also thought that they will be of value to prevent accidents from explosions when breaking through.

It has been found by the bureau engineers that the instruments can be employed quite advantageously in locating knots in automobile valves and cylinders. For this purpose it may perhaps be well to mount the

instruments on a short iron rod that can be easily inserted in and around the machinery.

After the investigative work has been completed, a course of instruction in the use of the geophones will be developed, and recommendations will be made as to the best procedure to be followed by the rescuer in an accident and the entombed miner as well.

End Foot Misery and Torture Forever

Don't fool with makeshifts! Get rid of the trouble at once and be happy.

Obtain a small jar of Dash Balm on your way home tonight. Every good druggist has it, and give your poor tired aching, puffed up, perspiring feet a chance to get well.

You simply apply a little of this almost magical balm, first bathing them off with a little warm water and a dry towel. You will be at once surprised and delighted to find how easy and comfortable you feel. No matter how hard the day's work or how long you may be compelled to stand at bench or counter, real foot comfort is yours at last.

Just as soon as Dash Balm touches those sore, inflamed, aching feet, you will literally jump for joy. Shoes never hurt or seem tight. Every druggist in the country sells Dash Balm in small jars, on the money back if dissatisfied plan.—Adv.

Pile Sufferers! Clever Ohio Chemist

Says This Great Prescription Taken

Internally Has Never Failed

Even chronic cases of 20 to 30 years standing, with profuse bleeding, have been completely cured in from three to ten days.

No discovery of recent years in the field of medicine has caused such a stir amongst the medical profession as the recent discovery that piles can be successfully treated and cured at home by a wonderful prescription known to druggists as Miro Pile Remedy.

It has been proved that so called external remedies applied or inserted into the rectum cannot cure piles and at the best only give temporary relief. This is also true of surgical operations which simply remove them after formation, but in no wise act on the source of the trouble.

This prescription, although taken internally, is not directed in the stomach, but is rapidly passed on unchanged to the intestines in a short time, reaching the exact place where by its soothing, healing action, it first cures all inflammation, and then by direct contact with all ulcers and

piles, causes them to heal and disappear forever.

It's positively marvelous how speedily it acts. Bleeding often comes in two or three days at most, even in cases of old, profuse bleeding that have resisted all known treatments and operation, really wonderful results have been accomplished.

The author of this amazing discovery desires all sufferers to know that he does not want a cent of anyone's money unless Miro Pile Remedy decisively conquers, even in the worst cases, and he has instructed druggists all over the country to guarantee it in every case of blind, bleeding or protruding piles.

IMPORTANT: What is known as itching piles are not piles in the true sense of the word, although this condition may accompany a true case of piles. For this condition Miro Pile Remedy has been prepared as in such cases it is not necessary to take the internal prescription. For sale by the Connellsville Drug Company.—Adv.

Despite the very rainy afternoon, thousands visited the trophy train yesterday.

BLISS NATIVE HERB TABLETS

Many thousands of old and young keep their system free from the dreadful consequences of constipation by taking Bliss Native Herb Tablets at regular intervals. Those who lead an active, outdoor life take one occasionally while others whose work is confining and laborious and are more subject to that condition retain their health by using them more frequently. Bliss Native Herb Tablets not only relieve constipation but stir up the liver and kidneys cleansing them of all fermentation and restore them to a natural healthy active condition. They also purify the blood, and have a general tonic effect on the whole system. One tablet at night will make the next day bright.

Bliss Native Herb Tablets are put up 200 in a box enough to last the average family six months. Every box carries our money back guarantee. Take no substitutes. Look for trade mark one every box. Price \$1.00. Sold by A. A. Clarke and leading druggist everywhere.

Today On the reception committee from Victory Loan headquarters at the train were Chairman W. F. Stauffer, Burgess B. C. Fretts, Rev. J. E. Hutchinson, J. H. Wooley, Roy A. White, Thomas J. Hill, R. H. Parker, J. P. Owens, J. E. Hurst, J. I. Murphy, Thomas H. Rutherford, John R. Byrne, J. T. Strickler, Harry Langhrey, J. Warren Brooks and Isaac Marks.

Easter Offering, \$5,000.

The Easter offering for the United Brethren church building fund was \$2,000 in cash leaving an indebtedness of only \$2,000. Twenty-five new members were received. The pastor, Rev. I. E. Runk will go to Dayton, Ohio, to attend a meeting of the board of trustees of the Theological Seminary of the United Brethren church. His pulpit will be occupied on next Sunday morning by the members of the Christian Endeavor, and in the afternoon and evening by the Seventh district Sunday school convention.

To Give Recital.
Miss Anna George of Everson will, tomorrow evening give a recital with Miss Helen Heimer assisted by Miss Ethel Louise Shuman at the Pittsburgh Musical Institute, Pittsburgh.

The Pathe Sapphire Ball—

Reproduces a Tone That is LIFE!

No bigger than the head of a pin—highly polished and rounded by hand—the Pathe Sapphire Ball holds the secret of perfect tone. It gives absolutely accurate and distinct reproduction—in fact perfect duplication of tone.

This round, polished ball fits exactly into every tone wave registered on the record. It never misses the slightest indentation; it never scratches down the high notes, or jumps from one groove to the next.

Like a drop of water it runs freely, smoothly, without scratching or cutting. In every crevice of the Record, the Sapphire Ball gives the perfect angle of contact, the clear, crisp reproduction of tone. It is the echo of sound as accurate as the mirror is to sight.

An Enlargement of the Pathe Sapphire Ball and Pathe Record Grooves

Never Wears Out the Records!

The Sapphire Ball will not wear out the Records. A Pathe Record played on a Pathe phonograph will last practically forever. We guarantee every Pathe Record to play at least one thousand times with the Pathe Sapphire Ball—without losing the unexcelled beauty of tone and without showing any perceptible wear on the Record.

Then too, the Sapphire Ball is permanent—does away with the everlasting bother of changing needles—giving you undisturbed pleasure and enjoyment. Come in tomorrow and hear your favorite selections played on the Pathephone—note the effect of the Sapphire Ball. Then you'll know why it's the common-sense talking machine choice of most people.

MORE BOOKS FOR SOLDIERS.

The appeal of the American Library Association for books to be sent to the soldiers is certain to be answered by the people of Connellville just as readily, and quite as generously, at this time as were similar appeals while our boys were more sternly engaged than they have been since November 11 last.

It is realized that there is even greater need at this time for more books than when the boys were away from their leisure hours than there was six months ago. Then there was really no leisure for them. Those not engaged at the front were undergoing a strenuous course of instruction in the training areas in preparation, and with the eager expectation that they, too, would soon be on the firing lines. Little opportunity for reading offered then. Now, with the tour of duty reduced to humdrum routine, or waiting for movement, to the embarkation ports, time hangs heavily.

Nothing quite so well serves to occupy the mind of the boy under these circumstances as a book. The boys actually hunger for this kind of mental stimulant and will rise up and call blessed all those who assist in providing it. Go through your collection of books and pick out an assortment the reading of which has given you pleasure and profit, ascertaining you will be that the waiting soldiers in France will experience even greater joy from their reading of the volumes you may send to them.

THE DANGERS OF IMPRACTICAL IDEALISM.

"The progress of the Peace Conference, or lack of progress," says the Bache Review, "seems to have demonstrated what an obstacle to sound and safe procedure the fourteen points have been ever since they saw the light on January 8, 1918. They gave the Germans, then, a new hope that America, after all, was not coming in to her full and mighty power. If it had not been for the fourteen points there would never have been an armistice. When beaten and on the verge of collapse, Germany grabbed at the fourteen points in the plea for an armistice, she succeeded, through President Wilson, in getting one. "If there had never been an armistice the Allied armies would have marched to Berlin, the world would long since have been at peace, and our enemies would by this time have been serving out their sentence. Ger-

many would, by now, have been as harmless as is Bulgaria, to whom an armistice was granted and who surrendered unconditionally. The fourteen points have constantly reared their prickly and impossible conditions, and many of the points have been ruthlessly broken off by the very force of their impracticability. So far as the secret proceedings allow us to judge, they stood in the way of justice to France, and they stand now in the path of justice to Italy. They furnish constant handholds for Germany to catch on to, and holding on, to whine against just terms. The delay they have caused in establishment of a prompt peace on sound, common-sense terms, has allowed Bolshevism to spread its vicious propaganda and to keep the world in turmoil.

"This is the snare with which impractical idealism tangles forward movement. It has risen again and again to confound the councils of wisdom at the peace table.

"It seems to be assumed by the American delegates at Paris that the fourteen points are unalterably approved by the American people.

"There never was a more presumptuous assumption. The proposition has never been submitted to the American people. If it were, it is probable that it would be turned down as completely and as unmistakably as was the command to vote the Democratic ticket at the election last fall."

The Genesis of the 14 Points.

Lloyd George in Parliament. Before the war was over we stated our peace terms. On behalf of the government I made a considered statement, considered by every member of the cabinet, as to what we conceived to be the terms on which we could make peace. That was last year. At that time those terms received the adherence of every section of opinion in this country. There was no protest from any quarter. A few days after, President Wilson proposed his famous fourteen points, which practically embodied my statement.

It takes local, not imported, talent to fill Connellville playhouses to the limit of seating capacity.

By closely approaching its goal the Connellville district has, as usual, done rather more than its full share to push the county to the half way point in the Victory-Liberty loan race. But we mean to do still more and will, with your help.

Is the launching of the Tennessee, the world's greatest battleship, a few days after the launching of the League of Nations, to be regarded as lack of faith in the efficacy of this "new charter of liberties" to establish and maintain universal peace?

The city council very properly did, and the public will, approve the selection of every ex-soldier for a place of trust and confidence.

The music committee of the Home-Coming Celebration can be depended upon to provide all the joyful strains needed to prove the cordiality of our welcome to the boys.

At the Gates of May.

Aloysius Coll in The Green Book. Spring has opened her garden gate. Come in, my love, and see The miracle of her winter dream. Awaiting you and me.

Where yesterday's sweet-past forlorn On frosty wings took flight, A flock of pink and purple wings Came fluttering down last night.

And naked them and tattered leaf— Wafers of the wintry snow— Lift up their ruddy faces now, The children of the rose.

Bubbles of golden laughter now, Flashes of May and June, Pink with the first shy blush of May, They greet us, maid and man.

For Spring has opened her garden gate, And thrush and oriole throw My happy roses at your feet. With all the buds that blow.

And watching these, that dance for love, And dye and weave and spin, Open the garden of your heart, And let my heart come in!

WHY YOU SHOULD BUY VICTORY LOAN BONDS

Continued from Page One.

all carry them next to their hearts. You never see a soldier without one and they are always proud to show them. A few days later the surgeon explained that he would be given an artificial limb and the opportunity to learn a new trade, even better than the one he had before. His eyes lit up.

"Gee, then I'll be able to make a living and marry her after all," he said.

At the hospital in Washington we held weekly dances. The most enthusiastic attendants at the affairs were five or six boys with both legs off. A young lady asked one of them if he attended because he liked to watch the other boys dance.

"No ma'am," he said, "it isn't that. The girls come and sit on my chair and let me hold their hands during intermission."

They are perfectly content to accept even this small bit of affection.

Now a case of the worst of all. The boys who have sacrificed the most yet live. These are the blind. No matter if you would invest every cent you have in bonds you could never equal their sacrifices. On the boat coming back we had five of them with us. Of course they were kept together to help their morale but without exaggeration they were the most cheerful lot aboard. They rolled dice and played cards among themselves and then sang for us. I caught this bit of conversation as we pulled away from France for the good old U. S. A., the land of freedom for which they fought and which even now lots of you do not appreciate.

"Say, Tom, are we leaving yet?"

"Yes, Dick, I can hear the engine throb. Sure we will feel good to get home."

"You bet."

"Too bad we cannot see this scenery."

"O, well I didn't like the looks of France when I landed, anyhow."

"What time is it, Tom?"

Here he fumbled with his specially arranged watch and replied:

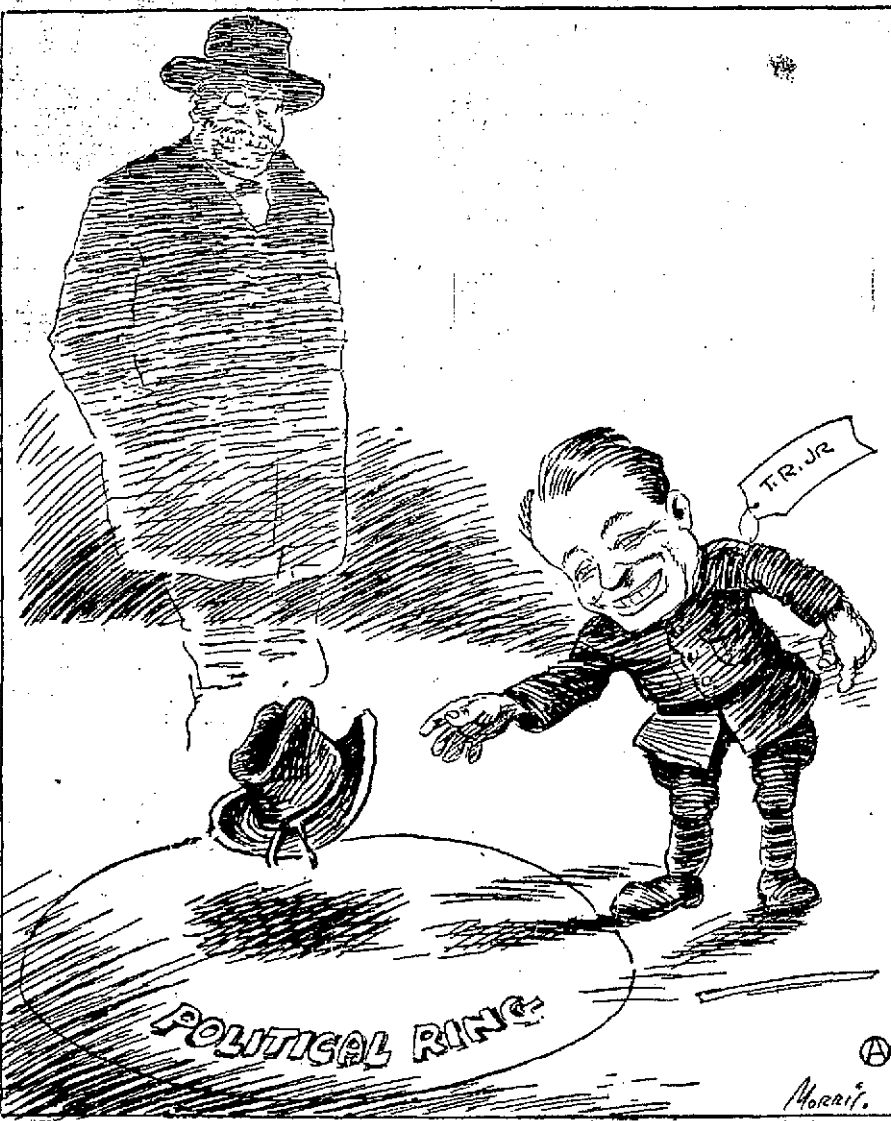

"Six o'clock, Dick."

"Gee, then it isn't dark yet."

You couldn't down their spirit. I have purposely watched for a discouraged soul among the badly wounded but it does not exist. It puzzled me for a long time. Finally I hit upon this solution:

They can face life with a smile because coming alive out of the damnable baptism of hell fire their souls are pure and their consciences are free. They can look any man in the face squarely. They know they have done their best. Can you do as much? If you can't this is your last chance to make good. Finish the job. Buy a bond. Do your best.

LIFE'S GARDEN.

My dream is of a garden fair where perfect roses bloom. Where peonies and columbine send forth their sweet perfume. In fancy I can see the yard as I would have it be. Aglow with life and loveliness, but sorrow comes to me. For notwithstanding all the care and labor I bestow Among the roses day by day the weeds contrive to grow.

I battle with the stubborn soil with each retreating spring. New hope of conquering the tares unto the task I bring. I have in mind a garden fair that I shall some day own. Where only beauty shall be found and nothing rank is known. And yet despite my hope of joy and all my visions fair I find the burdock spring up and thistles growing there.

How like a garden is my life, how different from my dreams. Of what I hope to make of it, is that it really seems. I pledge myself to what is best, in fancy I behold A work that I shall smile to see at last when I am old. And yet the dream is far away for in among the weeds That shine like roses, I can see the tangled growth of weeds.

DID THEY QUIT?

They did not. And they are not quitting now. Neither did you while we were winning the war. Well, are you going to quit now—when the war is won? Our job isn't finished yet—not by a long shot. And it's a man-sized job, too—if we are going to turn our victory to real account, if we are going to make from it a more prosperous America and a better world to live in. We have fighting men to bring home and find jobs for. We have our wounded to care for and our crippled to rebuild into confident successful citizens. There is still work for our fighting men to do in Europe, if we are to gain from our victory the kind of world we have been fighting for. It's a big job! If we leave it unfinished now—when the end is in sight—Chateau-Thierry and the Meuse will have been fought and won in vain. There's a bill of some billions of dollars to clean off the slate—before we can call it a day and enjoy the new world that we have won.

MORE RED BLOOD AND STEADIER NERVES FOR RUN DOWN PEOPLE

The World Demands, Strong, Vigorous, Keen-Minded, Men and Women

It has been said of Americans that they work their habits over-

time. Many become nervous and inefficient by overwork.

By worry, dependency, social affairs, robbing brain and body of needed rest; excessive use of tobacco, indulgence in strong alcoholic drink—excesses of every kind that burn up the vital powers so necessary in these trying times to make both men and women fit to be of help to themselves and others.

It is time to be temperate in all things. The man or woman with impaired nerves caused by impoverished blood lacks vigor, the ambition, the endurance and the keen mind of those who avoid excesses.

Timidity, dependency, fear, trembling hands, want of confidence and even cowardliness, are due in a large measure to abused nerves.

People with plenty of red blood corpuscles and strong, healthy nerves have no desire to shrink work and lean on others for guidance and support.

There is hardly a nerve-shattered man or woman (unless of an organic disease) in America today who cannot become alert and clear in mind; vigorous and energetic in body in a very few weeks and at trifling cost.

To become strong and ambitious, to feel that work is not drudgery; to have steady nerves, abundance of red blood and power of endurance; to be not only a man but as men saw in a superman, you must take a course of Bio-feren every day for seven days—and take them faithfully.

Take two after each meal and one at bedtime and after seven days take one only after. Until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—your nerves are not twice as steady as before; if you do not feel ambitious, more vigorous and keen-minded, the pharmacist who dispensed the tablets to you will gladly hand you back just what you paid for them.

Bio-feren is without doubt the greatest remedy for nervous, rundown, weak, ailing men and women ever offered direct through druggists and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

THE SOISSON.

"THE BIRTH OF A RACE"—Peer of "The Birth of a Nation" is being shown today and will be repeated tomorrow afternoon and evening. "The Birth of a Race" may be termed an historical picture continuous and consecutive from Adam down, (limited and exalted by such direct rays and sidings as the genius of historians, seers and promiscuous writers has thrown upon the "sacred" of centuries.) It may also be described as an occasion whereby men have been ascending since "The Fall"—in any event it is a superb spectacle inclusive, inspiring, informative and instructive, the concrete history of a race in its various racial relations mixing the "Flood" the confusion at Babel, the various periods described in the Pentateuch and thence through the cycles to the present.

It is objective in its showings of atrocious and democratic principles in theory and practice from Adam to Noah, from Moses to Nazarene, from him to Columbus and from Columbus to the General Democracy of the present. These events constitute the first picture. The second picture is made up of events of the present time people trying to live according to the "Sermon on the Mount" and on those two sublime commandments on which hang all the law and the prophets although often interrupted by the progress of humanity clogged by the selfishness of tyrants and self-constituted autocrats. The finale is the death struggle of autocracy as exemplified by the most world war where the ideal democracy of America threw its self into the balance and sent autocracy reeling into oblivion. The pictures are splendid in artistic beauty and instructive objective in their every construction and timely in their appearance. Of the personnel Charles B. Harkness in Adam, Doris Descher in Eve, Charles Graham in Noah and Moses, Phillip Van Loan the Nazarene, Charles McCaffrey Pontius Pilate and Mr. Harkness Christopher Columbus, all in the first picture. In the second picture Ben Hendricks Alfie Gale John Reinhardt, George Lawrence, Gertrude Braum, Stephen Gatson M. K. Carr Jane Grey Edward Ekus and others adorned in typical modern parts. The spectacle is the finest thus far presented on the screen.

THE PARAMOUNT.

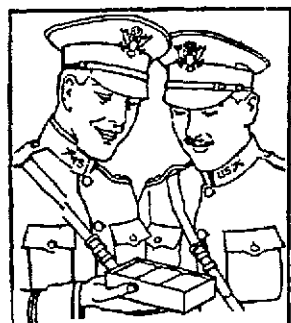

"THE LITTLE INTRUDER"—An unusual film in which Louise Huff, Johnnie Hines, George MacQuarrie in splendid roles, is being shown today. Miss Huff is seen in one of the most likable and attractive roles in which she has ever been seen. She appears as a young girl who is in fear of the police. She is saved from arrest by George Conklin who is jealous of his young wife, Virginia, who is cooing something like a flirtation with a young man. "The Little Intruder" is billed by Conklin to keep an eye on Virginia. She does this with great success and in doing so she meets and falls in love with Billy Kent, a chunky young chap. A great many surprising and entertaining things happen. Quite a number of the scenes in this production are laid outdoors and these scenes are notably beautiful and unusual. The interior scenes too are different from the usual run of such interiors. The picture has been produced in a lavish manner and is perfectly justifying from start to finish. It is the sort of a picture you will enjoy. Be sure to see it. An interesting weekly review is also being shown. Tomorrow and Saturday Geraldine Farrar, supported by Milton Sills will be seen in "Shadows" a powerful drama.

They Are Always Grateful For Cuticura Soap

Because it means skin comfort and skin health. For shaving, bathing and shampooing it is wonderful. Its pore cleaning, sterilizing properties will prove a revelation to those who use it for the first time. Assisted by touches of Cuticura Ointment, it does much to clear the skin of pimples, rashes, eczema and irritations and the scalp of dandruff and itching.

Cuticura Toilet Trio—Consisting of Soap, Ointment and Lotion are indispensable adjuncts of the daily toilet in maintaining skin purity and skin health. By bringing these delicately scented emollients in frequent contact with your skin as in use for all toilet purposes, you keep the skin, scalp, hair and hands clear, sweet and healthy. The Soap, Ointment and Lotion are each everywhere.

Reduce Those Dangerous Swollen Veins

Physicians are prescribing and how pitiful are using a new and harmless, yet very powerful, germicide that not only causes enlarged or varicose veins and hemorrhoids to become normal, but also reduces swollen enlarged glands and warts.

Ask any first class druggist for an original two ounce bottle of Moones Emerald Oil (full strength) and refuse to accept anything in its place. It is such a highly concentrated preparation that two ounces last a long time and furthermore if this wonderful discovery does not produce the results anticipated you can have the price refunded.

It is not wise for anyone to allow swollen veins to keep on enlarging. Often they burst and cause weeks of pain, suffering, and loss of employment. Start the Emerald Oil treatment as directions advise and improvement will begin at once. Your druggist can supply you—Adv.

WEARING APPAREL TAXED IF ABOVE CERTAIN VALUES

Household Articles Are Included in List That Must Pay Tribute.

CONSUMER FOOTS THE BILL

The Law Not Permitting Merchants to Assume the Tax Even as a Convenience for the Buyer; Rate is 10 Per Cent, to be Paid on Purchase.

The "Luxury Tax" which becomes effective today, applies to articles of personal wear and certain household furnishings, in addition to cosmetics, perfumes, and other toilet articles. The following is a schedule of articles to which the tax applies; but only upon the sum in excess of the prices quoted:

Carpet, selling for more than \$5 per yard; picture frames, \$10 each; trunks, \$50; traveling bags, suit cases, hat boxes, \$25; fitted toilet cases, \$25; purses and pocketbooks, \$7.50; shopping and hand bags, \$7.50; portable lighting fixtures, \$25; lamps, \$25; lamp shades, \$25; umbrellas and parasols, \$4; fans, \$1.

Among articles of wear the schedule includes: House or smoking coats or jackets, selling above \$7.50; bath and lounging robes above \$7.50; men's separate waistcoats, \$5; women's and misses' hats, \$15; men's and boys' hats, \$5; men's and boys' caps, \$2; boots, shoes, pumps and slippers, \$10; men's and boys' neckwear, \$2; women's and misses' silk stockings, \$2; men's shirts, \$3; silk socks, \$1; pajamas and night gowns, \$5; underwear, \$5; kimono, \$15; petticoats, \$15; waists, \$15.

The tax applies, as stated, only to the sum in excess of the prices quoted above. To illustrate: On a pair of women's silk stockings priced at \$3.00, the tax is 10 cents. This is 10 per cent of \$1.00, amount above \$2, which is the maximum tax-free price of silk stockings. This makes the price of \$3 stockings \$3.10 the pair.

Merchants cannot assume the tax for the convenience of the public, the law requiring that "The tax imposed by this section shall be paid by the purchaser to the vendor at the time of the sale, and shall be collected, returned and paid to the United States by such vendor," and the government requires the merchant to notify the customer that the customer is paying a tax.

The tax is paid accordingly by the purchaser at the time of the sale, and the merchant makes a return to the treasury of the full amount of the tax. In different stores, different methods will be used for indicating the tax; but in every instance whether by special ticket or otherwise, the amount of tax will be made plain to the customer.

Women Doing War Work.

During the war women were called into almost every vocation in life, and right well did they assume the responsibilities and fill such positions. In many instances, however, their strength has been overtaxed, and such ailments as are peculiar to their sex have fastened themselves upon them.

Such women should remember there is a tried and true remedy for their troubles in Lydia E. Pinkham's Vegetable Compound, which for more than three generations has been relieving the women of America from some of the worst forms of female ills.—Adv.

APPRECIATION OF "FROLIC" CONTINUES TO THE VERY LAST

Concluding Performance Has Capacity House Which Generously Applauds Efforts of Local Artists.

The concluding performance of "A Winter Garden Frolic" last night was a continuation of the very hearty appreciation on part of Connellsville people of the efforts of the members of the cast. The house was filled to its capacity and every number very generously applauded. Improvement in several of the numbers was noticeable, the whole program moving along smoothly. There was no lack of interest by the audience from first to last of the performance.

Admiring friends of the personnel took occasion to give their compliments substantial form in a wealth of flowers that were handed over the footlights to the stars. Miss Adrienne Soisson, Miss Rene Soisson, Mrs. Jessie Santmyer, Miss Stader, Miss Elizabeth Evans, Miss Mary McConnell, Miss Mary Katherine O'Hara, Miss Mary Elizabeth Clark, Miss Margaret Morton, Miss Esther Brennan and Miss Mary O'Hara were thus gracefully remembered.

Almost every number was encored or so warmly applauded that the performers could not have been in doubt as to the pleasure experienced by the audience. This was particularly true with the number by Miss Adrienne Soisson, the solos by Miss McConnell, Miss Stader and her assistants, Misses Dougherty, O'Hara, Plenniken and Hopkins; Harry Loudon, John Brown, Ray McClintock and his violin accompanist, Isadore Horwitz; Louis Wooster, Joe Hood and others in the "Banquet Hall de Luxe" and the "Minstrel Hall of Fame." James List, instructor and teammaster, did not receive any flowers but he was paid many compliments for the ease and grace with which he performed his dual role.

No less cordial was the reception given Miss Pryce in her Delacorte dance, Miss Clark in her Ballet de Luxe, Miss Rankin and her bevy of well trained and graceful dancers in the "Story Book Ball," Miss Brennan in the mystic and cleverly executed "Egyptian Frieze" and Miss Rene Soisson and her charming double quartet of "ponies." "Doc" Huston's dancing caught the fancy of the audience quite as much as any of the preceding performances while every one was impressed with "In Dreamland," staged by Mr. Werner, Miss Dougherty and Mrs. Boulter.

Not to be forgotten is the singing of "Mississippi" by little Miss Mary Katherine O'Hara, seven years old, daughter of Mr. and Mrs. James O'Hara of the Trans-Allegheny hotel. Her part was not surpassed by any.

Before the conclusion of the performance Miss A. O'Brien gave a curial address expressing the thanks of the general committee for the cordial support given the entertainment. Had the audience chosen a spokesman to represent it he would in turn have thanked Mrs. Hays, Mrs. Rapport, Ray Neville, Joe Hood and Mr. O'Brien of the committee and C. C. Couch, who staged the entertainment, for the pleasure derived from their labors.

Daughter Born.

Dr. and Mrs. James Newton Wright of Barborton, O., are receiving congratulations upon the birth of a daughter Tuesday. Mrs. Wright was formerly Miss Mayme Baighley of Uniontown. She is a sister of P. H. Baighley of this city.

CAUSE OF BACKSTOP MEYERS' RETIREMENT

Manager Irwin of Rochester Team Relates Story.

Couldn't Figure Out Play Where Vining Player Batted With Two Strikes, Three on Base and Scored Four Runs.

Chief Meyers, the former Giant and Brooklyn catcher, is through with baseball. The chief is going to stick down on the farm.

Arthur Irwin, manager of the Rochester team of the International league, recently told the story of what he thinks was the direct cause of Meyers' retirement from the national game.

"The chief," said Irwin, "was catching last year for Buffalo in the International. He was not going too well when my Rochester team came to Buffalo in August to play a series.

"My players stole a lot of bases on the chief. In one game two of them stole home.

"The play that utterly disgusted Meyers with baseball, however, occurred in a game that Buffalo was winning until the eighth inning.

"We were three runs behind in that session, when we filled the bases with two out. Bobby Orr was at bat, and when he had two strikes on him the Buffalo infield moved back a bit.

"Orr then hit a swinging bunt toward second base. The second baseman was caught off balance, but dashed in and for some reason or other after picking up the ball elected to make a play at first.

"The throw came in low and Meyers missed it. It hit him on the shin and bounded toward the stand.

"The chief was after it quickly. He saw Orr tearing for second base as he

Chief Meyers.

picked up the ball. So he threw for that bag and the ball hit Orr on the shoulder as he slid.

"It bounced into the outfield this time. Before it could be recovered Orr had cantered over the plate with the fourth run scored on his bunt. It was the winning run of the game.

"I saw Meyers afterward. I can't figure them in this league," he said. "Bunting with two strikes and three on and scoring four runs! That's more than enough for me."

PREFERS TO PLAY IN MINORS

"Moon" Ducote, Famous Athlete of Auburn University, Signs Up With Mobile.

Here's one big league ball player who would rather pasture in the minors than in the "big show." His name is R. J. ("Moon") Ducote, the famous athlete of Auburn university, who won further fame last year by his great playing for the Great Lakes naval football team. Several big league scouts, hearing of Ducote's prowess, sought to sign him, but he always said no. Recently he affixed his signature to a document to play with Mobile in the Southern association.

And in another six months the big news item will be the world series, just as if there never had been a war.

President and Manager Branch Rekey of the St. Louis Nationals expects much from Outfielder Shotton this summer.

SCIENCE MAKES THEM DURABLE

So—These Soles Save You Shoe Money

"I have been wearing my shoes with Neolin Soles nearly a year, and they are apparently in as good condition as when I bought them."—written August, 1918, by W. H. Cooke, Officer, A.E.F., France.

Only Neolin Soles could endure a test like this. That they do so is because of the tough durability built into them by a scientific process. To cut your shoe bills down, buy shoes with these long-wearing soles. They come in many styles for men, women, and children.

Remember—Neolin Soles are flexible and waterproof, too, and are available everywhere for re-soles. They are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feed young—to do this you must watch your liver and bowels—there's no need of having a yellow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that emblem of spirit, that natural buoyancy which should be enjoyed by everyone, by tuning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

HENRY GOLDSMITH TALKS IN VERSE OF AGED I. O. O. F.

Interesting Composition Read at Centenary Anniversary Banquet of General Worth Lodge.

The following composition by Henry Goldsmith, for 50 years a member of the Odd Fellows, was read at the banquet given Tuesday night in the Presbyterian church by General Worth Lodge in observance of the 100th anniversary of the founding of Odd Fellowship:

We celebrate one hundred years Of goodly acts, with joyous tears.

Tom Wilby with a very few Began a lodge that later grew Until you find it here and there In flourishes most everywhere.

Love most brotherly is taught And friendships formed which can't be bought. They grant relief and do much good To members of the brotherhood.

With truth to guide and keep them straight They are prepared for any fate. General Worth established here, Has a dozen odd and queer— The men who joined in years now past And were true until the last.

Lloyd Johnston, older than four score, Shows service in the Civil War. And J. H. Bailey also fought In this same war that freedom brought.

To many slaves who now are free, Whose sons have fought in Germany.

My own small self and those above, For fifty years have worked with love. Clark Collins joined a few days late— His fidelity to celebrate.

As Byron Porter holds our cash, You need not fear financial crash. And Frederick Johnston next in line Made the best coal picks for the mine.

Will Artie, boss of the wrecking crew, Cleared up the roads so the trains go through. The latter two served in sixty-one And came back home when the war was won.

Jake Wilby who works quite fine in wood, Makes vehicles both strong and good. And Adam Swink whose farm is the best, Is always at lodge and never at rest.

Then J. Z. Pritchard so faithful and true, Is a worker in iron, an old soldier too. Then Charles R. Jones, a great acrobat, Still holds his own though not quite so fat.

And John W. Stafford who comes in last, Has been our trustee in the past.

Our motto—Friendship, Love and Truth Is cherished well by age and youth.

Meyersdale.

MEYERSDALE, April 28.—The 136th Field Artillery Band, which recently returned from France, and has toured Ohio and is now in Pennsylvania in the interest of the Victory Loan, arrived in Meyersdale Sunday afternoon and was met at the depot by the special committee who escorted it down town and later taken to the different hotels and private homes where they were entertained. At 8 o'clock the band marched to the band stand where a concert was given lasting until after 10 o'clock. The music was most delightful and the musicians were loudly applauded by the large throng of people which turned out to hear them. There were between 6,000 and 7,000 in the audience.

Dr. and Mrs. S. J. Miller of Madera, Pa., motored here last Friday and remained until Monday visiting at the home of the latter's parents, Mr. and Mrs. G. W. Collins.

Dr. and Mrs. G. B. Ryland and daughter, Dorothy, of Pittsburgh, returned home Sunday after a few days' visit here at the home of the former's brother, Dr. W. H. Ryland and family.

Mrs. Melvin Martz of Somerset spent Sunday here with her sister, Mrs. George Miller.

Miss Fannie Phillips of Fairmont, W. Va., is a guest at the home of her brother and sister-in-law, Mr. and Mrs. Charles Phillips.

HOW RHEUMATISM BEGINS

The excruciating agonies of rheumatism are usually the result of failure of the kidneys to expel poisons from the system. If the irritation of these uric acid crystals is allowed to continue, incurable bladder or kidney disease may result. Attend to it at once. Don't resort to temporary relief. The sick kidneys must be restored to health by the use of some sterling remedy which will prevent a return of the disease. Get some GOLD MEDAL Heartum Oil Capsules immediately. They have brought back the joys of life to countless thousands of sufferers from rheumatism, lame back, lumbago, sciatica, rail stones, gravel and other affections of the kidneys, liver, stomach, bladder and allied organs.

They will attack the poisons at once, clear out the kidneys and urinary tract and the soothing healing oils and herbs will restore the inflamed tissues and organs to normal health.

All others are imitations. Ask for GOLD MEDAL and be sure the name GOLD MEDAL is on the box. Three sizes, at all good druggists.

Special Announcement to Connellsville Motorists

B-ZOL

INSTEAD OF GASOLINE

30 per cent More Efficient

After more than a year's constant research for a fuel superior to gasoline, and after tests made under every possible condition, B-Zol, America's new high-power motor fuel is offered to Connellsville motorists, with an assured performance at least 30 per cent more efficient than gasoline. Yet pay no more for B-Zol!

Here are the salient advantages of this superior-to-gasoline product:

B-ZOL produces at least 30 per cent more mileage and power!

B-ZOL prevents all engine "knocking" even when run at low speed.

B-ZOL causes no carbon trouble, acting as a carbon remover and actually blowing out former carbon deposits.

B-ZOL makes it possible for even low-powered machines to climb hills on "high."

B-ZOL can be used in the coldest weather, the engine starting with ease even after all-night exposure.

B-ZOL requires no engine changes—just a slight air adjustment in carburetor.

B-ZOL can be used for pleasure cars or trucks.

B-ZOL can be used even if tank still contains gasoline.

Franklin Official Record 35 Per Cent More Mileage

The Newark, N. J., Branch of the Franklin Motor Car Company, regarding a recent endurance run, reports as follows:

"We are pleased to report, after thoroughly testing B-Zol, we find that it gives 35 per cent more mileage and a great deal more power."

WHY STEEL PRICES ARE MAINTAINED AT PREVAILING LEVELS

No Hope That Sharp Lowering Would Increase the Demand.

BUYERS WANT REDUCTIONS

Not to Add to Profit But to Permit Lower Prices to Their Own Customers; Makers Don't Have to Wait on Washington to Make Adjustments.

The reason steel prices stay up is that the leaders in the trade are not hopeful that a large demand would result from a sharp lowering of prices, says the American Metal Market. The term commonly used for such an attitude is "pessimistic" but the word is not appropriate, since it refers to temperament rather than judgment. The leaders feel that there is more money to be made by maintaining prices and squeezing out the last ton possible from existing contracts, at the same time receiving such orders as must be placed irrespective of prices, than by opening the market, negotiating with prospective buyers and finding the level at which they will take hold. Obviously it is of no particular consequence what level prices would reach in a decline, if the demand were strong enough to bring about an advancing market afterwards, for the steel trade must depend on averages, and when a dip in prices causes an upturn the tonnage sold at the lowest level is almost negligible.

Many men whose normal duty it is to sell steel do not hold to this view. They would prefer to see an open market, and chafe under the present restraint. They feel that if there were an open market the results in the long run would be satisfactory.

Many buyers have been heard from to the effect that they definitely and specifically desire lower prices. Their hands are tied because they cannot sell their manufactured goods. They desire lower steel prices not for the purpose of adding to their profits per piece, but for the purpose of reducing their own selling prices to the public.

In some quarters it is suggested that it is the Industrial Board that is the cause of steel prices staying at their present level, intimating that the steel trade is waiting for the Industrial Board to resign or to make a plain public announcement that it abandons its project as regards steel prices. That, however, does not seem to be necessary. The steel producers are altogether free to act in the matter of reducing prices. Where there is a will there's a way. It is not necessary to await any action or declaration at Washington.

As to producers being unable to reduce prices, on account of costs, the costs are high partly because of poor distribution of overhead. Some producers have even ventured to remark that they could "afford" to reduce prices if there were heavier demand and thus larger operation. This means reversing the law of supply and demand, and claiming that when demand is light prices should be higher than when demand is heavy. As long as any such philosophy obtains buyers of steel can be excused from having confidence in the market.

DON'T TAKE A CHANCE
There is no luck about gardening. It's knowing how, and so write to the National War Garden Commission, at Washington, for a free garden book. Send two-cent stamp for postage.

The man who plays with cards or dice will sometimes throw a hand that's nice, more often he will kick and dance, because he lost his coin by chance. The dice and card games are largely luck, requiring no particular pluck, but garden making takes some skill to raise the grain for stomach mill. The amateur will find it best, before he tries to fill his chest, to study up on hooks and crooks, he'll find outlined in garden books. You get them free from Washington, where experts regulate the sun, and turn the clock around just so, to help Old Sol make gardens grow. You mustn't ever trust to luck, while digging in the sand or muck, for mother nature has her rules, as plain as a, b, c at school. You'll find them off on package seeds, supposed to be enough for needs, but study in the booklets, too, will do a lot to help you through. Don't garden in a reckless way, or many plants you'll kill and slay, but mix your soil with fertile brains, if you would reap the greatest gains.

Dead Devil Dog?---Not Yet!

"THE LAST STAND" might be an appropriate title for this picture which shows a fallen Marine with his comrade beside him, struggling to work a German light Maxim machine gun in an advanced position.

This machine gun is one captured by the Marines from the Germans at Chateau Thierry. Guns of this type were used by the Germans in ambushing the allied troops. They were particularly deadly because they can be easily carried by one man and set up almost anywhere with or without a tripod. The gunner in this picture is also wearing a captured German helmet.

The two Marines who posed for this picture are

part of the detachment of ten wounded "Devil Dogs" in command of Captain Shaler Ladd, who are traveling through the Fourth Federal Reserve District with War Trophy Train No. 3.

Captain Ladd and his men have all tasted German gas and high explosive at Soissons, St. Mihiel, Belleau Woods and Chateau Thierry and are prepared to tell some startling truths about what the Allies sawed civilization from when they forced the Hun to beg for an armistice.

These men know why the Victory Loan must go over in a big way and they are able to back up their statements with exhibits gathered from many battle fronts. They know the job back home must be finished and they're willing to help finish it.

TEMPORARILY, AT LEAST, COKE MARKET OUTLOOK IS BRIGHTER

Region Having Been Cleared of Unassigned and Surplus Stocks.

CURTAILMENT SUCCEEDS

Production Down to an Even Pace, If Not a Step Behind, Present Demand; Operating Ovens Now at 39.5 Per Cent of the Total Usable Equipment.

From The Weekly Courier

The demand by a large furnace interest upon the coke region for all the unassigned and other free coke that is available has swept the side tracks clear of accumulations, with the exception of a few cars of high sulphur coke and is also taking every extra car the plants in operation can load. This development has removed the last weak feature in the market and price has promptly shown the upward trend in response. True, the demand from this source may be only temporary, the customer being a large producer of by-product coke, the coal supply for which is at present interrupted by labor troubles at the mines, hence cannot be said to be a new feature of market conditions. On the other hand it may be the precursor of a change for the better. To the consumer dependent upon the spot market it means that he will have to wait for his coke to be made before a supply is sent his way

Inasmuch as this unexpected demand has removed all traces of surplus stock and as an excess of the present capacity of plants in blast to produce above their contract requirements it does have the effect of giving the situation a much more hopeful aspect. Operators on the whole are not allowing themselves to be excited

by this circumstance however, but will continue their waiting policy

That the campaign to curtail production has achieved success, even if somewhat delayed in its realization, appears to have been proven. For the second successive week there has been a reduction in the number of ovens put out of blast the total addition to the idle list last week having been but 195, or about one-fourth, the number recorded during several weeks preceding. During the preceding week 516 were blown out as compared with weekly additions ranging from 1,000 to 1,700 earlier in the slump period. The region stands today with 13,328, or 39.2 per cent of its 36,016 ovens in blast. Of course many are to be regarded as only nominally in operation since a six-day schedule has been almost wholly abandoned for five days at the maximum and with many plants running but four, some only three

There has been a series of wild rumors afloat during the week as to still more drastic cuts in oven operation, the extreme measure of curtailment being reputed to be an intention on part of a large interest to close down all plants for 30 or 60 days. Like many rumors that have emanated from unformed sources there is no foundation for it whatever. The H. C. Frick Coke company made a trifling addition to its number of active ovens last week, but this week its operations are continuing without change. Among the ovens made idle last week were 125 at Mount Braddock which places that plant on the idle list for practically the first time in its history, leaving four out of the W. J. Rainey plants in operation. Tower Hill No. 2 joined the inactive army last week, an exceptional instance in this plant's history. The Washington Coal & Coke company is operating a little less than one-half its ovens and other somewhat unusual occurrence

Estimated production for the week ending Saturday, April 26 was 135,358 tons divided between the districts as follows: Conneltsville, 82,368 a loss of 11,027 tons. Lower Conneltsville, 52,992 a loss of 2,439 tons or a total decrease of 13,465 tons or 9.2 per cent from the week preceding

By interests the production was Furnace 83,124, a decrease of 11,021

tons merchant, 46,936 a decrease of 2,414 tons

The coal market continues to show certain signs of improvement. It is confined to steam coal in which there is noticeable but not large increase in movement. The railroads are coming into the market to a limited extent for engine fuel

The estimated production in net tons of coke for 1919, compared with the corresponding weeks of 1918, is shown in the following tabulation

Week	1918	1919	Total
Jan 1	75,324	56,094	131,418
Jan 11	121,316	130,020	251,336
Jan 18	130,810	180,523	311,333
Jan 25	114,320	162,044	276,364
Feb 1	107,754	168,880	276,634
Feb 8	90,560	135,226	225,786
Feb 15	86,136	114,220	200,356
Feb 22	82,430	131,323	213,753
Feb 29	78,946	116,528	195,474
Mar 6	70,221	152,705	222,926
Mar 13	69,582	127,728	197,310
Mar 20	67,402	120,310	187,712
Mar 27	63,650	122,100	185,750
Apr 3	55,200	117,180	172,380
Apr 10	51,720	86,609	138,329
Apr 17	49,308	20,475	69,783
Apr 24	46,936	88,424	135,360

Compared with the corresponding week of 1918 last week's production shows a loss of 90,508 tons or 60.6 per cent. For the year to date the production has been 3,568,270 tons. Compared with the total a year ago 4,797,344 tons the present year has developed a shrinkage of 1,229,074 tons or 25.6 per cent.

CONTINUALLY ON THE DOWNWARD GRADE IS COAL OUTPUT COURSE

One-Third Less Than Corresponding Week and 25 Per Cent Below 1918's Record to Date.

The production of bituminous coal in the United States during the week ended April 19 is estimated at 7,403,000 net tons, and is a decrease of 113,000 net tons or approximately two per cent compared with the output during the week ended April 12, 1919, report of the United States Geological Survey. During the same week of 1918 the operators of the country produced 11,044,000 net tons, and in comparison the current week's output is 2,641,000 net tons, or 33 per cent lower

For the calendar year to date the output is now estimated at 123,389,000 net tons as against 166,352,000 net tons during the corresponding period of last year a decrease of 43,000,000 net tons

963,000 net tons, or 23 per cent. This tremendous falling off is better illustrated by comparison of the daily average production—1919 to date 1,366,000 net tons and for the same period of last year 1,700,000 net tons. During the current week the daily average is estimated at 1,234,000 net tons, showing that production is continuing on the downward grade. The production of anthracite in the United States during the week ended April 19 is estimated at 1,568,000 net tons as compared with 1,750,000 net tons during the week ended April 12, and 1,870,000 net tons during the corresponding week of 1918. The total production for the period January 1 to April 11 is estimated at 22,261,000 net tons as against 24,304,000 net tons during the corresponding period of last year
